DISCO final conference on March 27, 2025 in Vienna, Austria

This conference is the final event of a three-year lasting Erasmus+ project on distance counselling. The DISCO project (Distance, Blended and Online Counselling Skills for Career Counsellors) aims at improving the digital competences of guidance and career counselling professionals facing radical challenges and changes in their practice.

Within the last 3 years the Erasmus+ project took place under the co-ordination of Trimtab located in Stockholm, Sweden. Partners from Austria, Bulgaria, Greece, Cyprus and Spain were partners in this project.

Career counsellors interested in getting an insight in the DISCO products are invited to participate face-to-face or online. Online participation starts at 9.00 and ends at 12.15.
